

Міжнародна діяльність в системі освіти та науки є важливою складовою функціонування Білоцерківського національного аграрного університету. Підвищення рівня ефективності діяльності на агробіотехнологічному факультеті неможливе без активного міжнародного співробітництва та інтеграції в глобальний освітній і науково-дослідницький простір.

На факультеті реалізується співробітництво з низкою міжнародних вузів за різними напрямками. При цьому використовуються різноманітні організаційні форми: студентська та професорсько-викладацькі академічна мобільності, участі в міжнародних конференціях, з'їздах, семінарах, проходження науково-практичних практик, стажування за кордоном.

Міжнародна мобільність на факультеті сприяє науковому та культурному обміну, забезпечує сталий розвиток і підтримує інноваційну спроможність. Така співпраця надає змогу підвищити кваліфікацію викладацького складу, розширити партнерські зв'язки та надати нашим студентам можливість навчання в провідних європейських ЗВО, що значно посилює позиції БНАУ у формуванні висококваліфікованих фахівців в аграрній сфері.

На агробіотехнологічному факультеті підписано угоди про співпрацю з університетами, які здійснюють підготовку за спеціальністю «Лісове господарство»: Czech University of Life Sciences, Prague (Чехія), Academia Pomorska w Slupsku, University of agriculture in Krakow (Польща).

В угоді про співпрацю окреслено основні питання співпраці:

- спільні наукові дослідження і публікації у наукових журналах обох університетів;
- обмін науково-педагогічним складом та студентами та їх стажування;
- участь у семінарах, конференціях і академічних зустрічах, проведення міжнародних відеоконференцій;
- розробка віртуальних навчальних модулів;
- обмін методологією та розробка спільних навчальних планів та освітніх програм;
- підготовка програм з подвійними дипломами;
- спільний пошук та імплементація міжнародних освітніх та наукових програм, грантів та проектів.

У системі міжнародних зв'язків важливе місце займає організація виробничого стажування за кордоном. Під час практичного навчального семестру здобувачі нашого університету отримують фахові навички та знання в різних сферах аграрного бізнесу, вивчають сучасні технології аграрного виробництва та підвищують свою мовну підготовку. Щорічно понад 50 студентів агробіотехнологічного факультету виїждять за кордон з метою проходження виробничої практики різного фахового спрямування.

У період із 27 до 31 січня 2025 року асистент кафедри лісового господарства Білоцерківського національного аграрного університету Пенькова Світлана разом з науковими співробітниками Інституту біоенергетичних культур і цукрових буряків та Інституту кібернетики ім. В.М. Глушкова, у рамках програми обміну персоналом EURIZON Staff Exchange Program,

перебували з візитом у Латвії. Мета поїздки полягала у вивченні досвіду Латвійського державного інституту досліджень у лісівництві SILAVA (м. Саласпілс). Окрім того, науковці ознайомилися з науковою діяльністю Інституту садівництва, Науково-дослідного інституту агрономії, Латвійського науково-дослідного центру захисту рослин та Національного ботанічного саду Латвії.

У межах міжнародної академічної співпраці асистент кафедри лісового господарства Кімейчук Іван успішно пройшов курс Climate University for Virtual Exchanges (CLUVEX), організований Університетом Гельсінкі (Фінляндія). За підсумками навчання учаснику зараховано 1 кредит ECTS (30 годин) від університету Гельсінкі.
